iPads for the Absolute Beginner

Six - two hour sessions FREE

These sessions are aimed at anyone who owns or is thinking of buying an iPad. The course is an ideal follow on course for those who attend the 'Buyers Guide to Tablet Computers' session or if you already have an iPad but don't really know how to use it.

The course will guide you through the basics of setting up and navigating your iPad and then take you through some practical uses including:

- Connecting to a Wi-Fi point.
- Customising the look and feel of the desktop.
- Downloading and installing software (apps).
- Browsing the internet and cloud computing.
- Using email and iMessage and FaceTime.
- Using the camera and the photos app.

Not suitable for Android Tablets.
Android Tablet users should refer to the Tablets for the Absolute Beginners course.
