A 'one off' idea?

Do you have an idea to improve your neighbourhood?

Consider the **Tenant Priority Budget**, where tenants can get to decide how the budget is spent.

Saying thank you to our Volunteers

We are always grateful to our tenant volunteers for their time. We can always say thanks by organising taxis, paying travelling expenses and providing tea and coffee.

Tenant Participation staff will always be here to support you, offer training and can provide references for future employers.

Tenant Participation

Some easy ways to get involved!

Welcome to your new home!

When you have settled in you may wish to get involved in **tenant participation.**

Check the map to see if there is a tenants and residents group in your area. If not, give us a call at Tenant Participation on **01389 737 697.**

"I have no time to participate"

A few minutes?

Do you use **Facebook**? Like and follow us at West Dunbartonshire Council Tenant Participation or give us your feedback through surveys.

An hour every 3 months?

Read **Housing News** to keep up to date with the council's Housing Service. Enter our competition to win a shopping voucher.

A few hours a month?

Join a **Tenants and Residents Association**, a great opportunity to get to know your community and improve your housing. Take part in consultations, when we are changing policy we consult with our tenants for their views eg on rent setting, allocation policy or new build programme.
